

### **What is SERVGA?**

SERVGA integrates government-sponsored local, regional and statewide volunteer programs to assist emergency response and public safety organizations during a disaster. It is part of a national initiative to coordinate and mobilize volunteers to respond to all types of emergencies.

SERVGA is a statewide secure database of pre-credentialed healthcare professionals and other volunteers who want to help in case of a public health emergency.

### **Who should register in SERVGA?**

Volunteers of all skill levels and backgrounds are needed during an emergency response. You can assist in a wide variety of tasks that include data entry, serving meals to shelter residents, or providing medical care. Whether you are a licensed and certified healthcare provider, an administrative specialist, a retired professional or just someone who wants to help the community in a disaster, SERVGA needs you.

### **What Other Programs Help SERVGA?**

The following organizations composed of SERVGA include the Medical Reserve Corps (MRC), Georgia Nurse Alert System and Community Emergency Response Teams (CERT).

### **What is Required to Register in SERVGA?**

Registering at [www.servga.gov](http://www.servga.gov) is quick and can be done within minutes. Name, address, contact information and occupation type completes the initial registration process. In order to be eligible for potential assignments (local/in-state/out-of-state), responders are encouraged to complete a Profile Summary, which includes:

- Skills & Certifications
- Training
- Medical History
- Emergency Contact
- Deployment Preferences (specify local/in-state/out-of state assignments)
